CONSULTING FOR GOVT FUNDING PROJECTS & SCHEMES

Funding schemes and projects writing to various government departments: Technological innovations require a high front-end investment thus availability and effective utilization of funds by any enterprise is very important. DSIR and other government organizations such as DST, DBT, AICTE, CSIR in order to facilitate scientific and industrial research in the country promote R&D by the industries by supporting them through various Funding schemes to develop state-of-the art globally competitive technologies of high commercial potential, catalyse faster commercialization of lab-scale R&D, enhance the share of technology intensive exports in overall exports.

DSIR Recognition & Approval

The Department of Scientific and Industrial Research(DSIR) is a part of the Ministry of Science and Technology, which was announced through a Presidential Notification, dated January 4, 1985. The primary endeavour of DSIR is to promote R&D by the industries, support a larger cross section of small and medium industrial units to develop state-of-the art globally competitive technologies of high commercial potential, catalyse faster commercialization of lab-scale R&D, enhance the share of technology intensive exports in overall exports, strengthen industrial consultancy & technology management capabilities and establish user friendly information network to facilitate scientific and industrial research in the country.
